Subject: Letter of Recommendation

The purpose of this letter is twofold: First, it is to document the outstanding technical writing and overall communication skills of Mr. David Gardner; and second, it is to recommend Mr. Gardner for any Senior Technical Writing/Editing position for which he might apply.

During Mr. Gardner's more than 13 months of work on this complex task with the Army Materiel Test and Evaluation Directorate he has demonstrated on numerous occasions the technical writing and editing skills found only among the most skilled professionals. He has worked closely with high-level government professionals (engineers and scientists) and military users. He has always been tactful and technically proficient in his efforts to move large test plans and other documents through to completion.

Mr. Gardner has also served as a first-line supervisor responsible for the direction of technical typist/terminal operators engaged in the overall report processing effort.

Having worked closely with Mr. Gardner and having served as his supervisor for these last 13 months, I wish to recommend him to you without any reservations.
